

Morgane CHEVÉ

Professor of Economics - Université du Havre

Université du Havre
Faculté des Affaires Internationales

Equipe d'Economie – Le Havre Normandie
EDEHN – EA 7263

25, rue Philippe Lebon – BP 420
76057 Le Havre Cedex - France
Tél. +33 (0)2 32 74 41 13
morgane.cheve@univ-lehavre.fr

Born in 1972, french citizen, married

Position

- Since 2002: Full professor of Economics at Université du Havre
- 2000 –2002: Associate professor of Economics at Université de Poitiers

Education

- French “Concours d’Agrégation de l’Enseignement Supérieur en Sciences Économiques”, rank 8, 2002.
- PhD in Economics, Université Paris I – Panthéon Sorbonne (France), 2000, “The adequacy of economic choices to ecological constraints: optimality and sustainability of growth in a polluting economy”, Supervisor: Paul Zagamé
- Master in Economics (French “Magistère d’économie”), Université Paris I – Panthéon Sorbonne (France), 1992-1995

Languages

- Mother tongue: French
- English: fluent

Academic Experience

Administrative

- 2012 – present: Vice-Dean of the Faculty of International Business, Université du Havre
- 2012 – present: Vice-Head of the Doctoral Program in Economics and Management in Normandy, Normandie Université (Le Havre, Caen and Rouen)
- 2009 – present: Director of the master program in Economics, Université du Havre
- 2004 – present: Director of the first year undergraduate program in economics, Université du Havre
- 2008 – present: Elected member of the board of administration, Université du Havre

Course Taught

- **Université du Havre**
 - Undergraduate: Macroeconomics, Microeconomics, Industrial Organization, Economics of risk and time
 - Graduate: Sustainable development, Environmental economics, Environmental valuation, Economics of organizations
- **Sciences Po Paris (Europe-Asia Campus in Le Havre)**
 - Microeconomics (in English), Macroeconomics (in English)

PhD Thesis Supervision

- Nicholas Chrin, “Drugs and Environment: Evaluation and management of environmental risks in the presence of scientific uncertainty”, in progress
- Jonathan Masson, “Allocating the pollution abatement efforts of a river: equity, incentives and mechanisms”, co-supervisors V. Merlin and R. Congar, 2014

Research Topics

Main field of research: Environmental and natural resource economics

- Sustainable development, Environmental policies
- Economic growth and the environment, Dynamic analysis, Non-linearities, Irreversibilities
- Environmental risks and uncertainties, Precautionary principle, Risk perception
- Environmental resource valuation, Environmental impact valuation

Publications

Publications in refereed academic journals

- “Mapping Mental Representations of Industrial Risk: Illustrated with the Populations of the Estuary of the Seine River, France”, with Emmanuel Bonnet and Marion Amalric, *Cartographica*, Vol . 49, N°2, 2014.
- “Hazard and living environment: combining industrial risk and landscape representations”, with Emmanuel Bonnet, Marion Amalric and Muriel Travers, *Journal of Risk Research*, pp. 1-18, 2012.
- “Industrial risk perception in estuarine area: a spatial hedonic analysis”, with Muriel Travers, Emmanuel Bonnet and Gildas Appéré, *Économie et Prévision*, n°190-191, pp. 135-158, 2009. (in French)
- “Environmental risk management in the presence of uncertainties and scientific controversies”, with Ronan Congar, *Revue Économique* **54**, pp. 1335–1352, 2004. (in French)
- “Optimal growth of a polluting economy: economic sustainability versus ecological sustainability”, with Katheline Schubert, *Annales d'Économie et de Statistique*, n°65, 2002. (in French)
- “Irreversibility of pollution accumulation: new implications for sustainable endogenous growth”, *Environmental and Resource Economics* **16**(1), pp. 93–104, 2000.
- “Optimal pollution control under imprecise risk and irreversibility”, with Ronan Congar, *Risk, Decision and Policy* **5**, pp. 151–164, 2000.
- “Optimal growth of an economy facing a risk of irreversible ecological disaster”, *Économie et Prévision*, n°143–144, 2000. (in French)

Contributions to books

- “Sustainable Endogenous Growth”, with Lionel Ragot, in *Environment , New Dimension of Economic Analysis*, Katheline Schubert and Paul Zagamé (eds.), Vuibert, Paris, p. 161–205, 1998. (in French)

Other publications

- “Industrial risks and landscape amenities: a spatial approach to the management and representation of risk”, with M. Amalric, E. Bonnet and M. Travers, *International Symposium Risk and Industry*, Lyon, 24 mars 2010, 12 pages. (in French)
- “Managing environmental risks under scientific uncertainty and controversy”, with Ronan Congar, in *Proceedings of the International Conference on Risk an Uncertainty in Environmental and Resources Economics*, Ekko C. van Ireland, Hans-Peter Weikard et Justus Wesseler (eds.), Wageningen University, The Netherlands, 2002.
- “Consumption-pollution tradeoffs under hard uncertainty and irreversibility”, with Ronan Congar, in *ISIPTA’99 Proceedings of the First International Symposium on Imprecise Probabilities and Their Applications*, Gert de Cooman, Fabio G. Cozman, Serafin Moral et Peter Walley (eds.), Imprecise Probabilities Project, Gent, Belgium, p. 85–93, 1999.

Working papers / Recent works

- “Analysis of the determinants of antibiotics prescription reduction by general practitioners: contribution of the sequential approach”, with N. Chrin, working paper 2015.
- “Explaining Worry in Risk Perception Analysis: A Multi-Risk Application”, with N. Chrin, working paper 2014.
- “Resilience and Stability of Harvested Predator-prey Systems to Infectious Diseases in the Predator”, with R. Congar and P. Diop, working paper 2011.
- “Optimal compensation for expropriated households within the framework of a littoral protection policy: a hedonic analysis”, with M. Travers and G. Appéré. Working Paper 2007.
- “Uncertainty in Natural Regeneration and the Robust Management of Environmental Resources”, with R. Congar, Working Paper 2007.
